

Pharmacy

Streamline patient engagement, reimbursement, and reporting with nationwide specialty pharmaceutical services.

With licensing in all 50 states, Medvantx Pharmacy services are a fully integrated component of our innovative direct-to-patient platform.

From patient engagement to reimbursement support, we provide an alternative to the fragmented and overly complex pharmacy process that is fully automated and streamlined by e-commerce technology.

In addition to manufacturers and hub service providers, we provide specialty pharmacy services to patient advocacy organizations nationwide.

Our non-commercial pharmacy capabilities include expanded access and compassionate use programs that ensure patients uninterrupted access to life-saving medications.

End-of-runway specialty pharmacy centrally located in Louisville, KY with 24/7 fulfillment and the latest order cut-off time (1am EDT)

Highly automated and fully certified facilities processing high-volume unit-of-use prescriptions

Verified Internet Pharmacy Practice Sites® (VIPPS®) Accreditation through the National Association of Boards of Pharmacy® (NABP®)

Industry-leading cold chain programs

Comprehensive anticipatory logistics solutions
